

The Evolution Dog Wash mini is designed with the dog's safety and well-being in mind. Built on a smaller frame, without reducing the dog wash area; as opposed to other smaller sized dog washes where they significantly reduce the dog wash area, which can cause stress and anxiety for a dog. Additionally, the mini has a lower cabinet height so the dog can see while in the wash to help them feel comfortable and relaxed.

SPECIFICATIONS:

- Overall Dimensions: 5.5' Wide by 4.5' High by 2' Deep
- Requirements:
 - Electrical: Dedicated 120VAC 20 Amps
 - Water Supply: Hot and Cold Standard ½" Male Connection
 - Drain: Standard Waste Drain 1.5" Male Connection
- Recommended Minimum Operational Floor Space: 7' x 7'
 - A Much Smaller Floor Space Than Competitors' Full-sized Dog Washes.
